

Vendor Information

What is MissouriBUYS?

MissouriBUYS is a new, secure, web-based statewide eProcurement system being implemented by the State of Missouri with our partner, Perfect Commerce, through their WebProcure application. Vendors will be able to easily view and respond to business opportunities posted on a consolidated bid board, electronically submit bids or proposals, and review award results and postings electronically. The new system will improve access to business opportunities by vendors and small businesses and will result in greater procurement efficiencies statewide.

Once fully implemented, MissouriBUYS will be a user-friendly, one-stop-shop for procurements by the state. The new system will include an online virtual marketplace consisting of supplier catalogs that state agencies, universities and political subdivisions can use to purchase products and services electronically.

What are the benefits of MissouriBUYS to vendors?

- ✓ Free online access to information and business opportunities
- ✓ Free registration for vendors
- ✓ Free online bidding
- ✓ Free email notification on new bid opportunities
- ✓ Free technical support

Does Missouri buy what I sell?

From office supplies to consulting services to vehicles and everything in between, state agencies, universities and political subdivisions will be able to use MissouriBUYS to buy the products and services they need.

Should I be registered?

If you sell products and/or services to the state, you will be required to re-register your business with the state through the new MissouriBUYS system. Registering in the new system is important so you don't miss receiving bid opportunity notifications. The state's current On-Line Bidding/Vendor Registration system will be phased out, and the Division of Purchasing will begin using MissouriBUYS as its new bid posting and automated notification site in September 2015. Until the state's transition is complete, vendors are encouraged to visit state agency bid sites as well as MissouriBUYS for bid opportunities.

When can I register and how do I register?

Vendor Registration in MissouriBUYS will begin on August 31, 2015. A Vendor Registration Checklist, along with additional updates and information regarding this new and exciting procurement tool in Missouri, will be posted on <https://MissouriBUYS.mo.gov>. Vendors are encouraged to visit the website regularly for updates.
